The Purpose of Women's Month

[Up to Women's Month](#) | [Calendar](#) | [Committee](#) | [Thanks](#)

Women's Month has been celebrated in some way at the University of Houston-Downtown ten years. What began as a day-long affair, grew into a week-long series of events, and finally emerged as a full month of varied panels, forums, and cultural events. Women's Month acts to educate faculty, students and the greater Houston community about issues faced by American women and their global sisters. Additionally, we wish to celebrate the work, wit, and wisdom of women throughout the world.

Women's Month is a wonderful avenue for expanding your knowledge and horizons.
